EDUCATION

Khwopa College of Engineering

Bachelor of Engineering in Computer Engineering

Bhaktapur, Nepal

SOS Hermann Gmeiner School

Secondary and Higher Secondary Education

Sanothimi, Bhaktapur, Nepal

EXPERIENCE

Rotary Club of Pashupati Kathmandu

Web Designer and Developer

Kathmandu, Nepal

2026

- Designed and built the club's public website and administration system in Next.js and Supabase.
- Made every public page database-driven, so volunteers publish projects, members and news without a developer, and added a treasury module for club finances.

Refill Enterprises Private Limited

Web Developer

Kathmandu, Nepal

2026

- Developed the brand website for a clinical nutrition company in Next.js, TypeScript and Tailwind CSS.
- Implemented in-place content editing, so staff change site copy without a redeployment.

PROJECTS

Simblip

Designer and Engineer

2026

- Engineered a simulation notebook licensed to institutions: 120 Hz rigid-body physics, a nodal-analysis circuit solver and a digital logic simulator.
- Delivered a classroom platform with paired boards, per-student assignments and a submission dashboard; 509 commits, 107,000 lines of code.

CoPaila

Full-Stack Developer

2026

- Built a school carbon-audit platform covering Scope 1, 2 and 3 emissions across ten categories in NestJS, Prisma and React.
- Integrated a Python optical mark recognition scanner so schools without internet access submit audits on paper.

Saul, CodeYatra 2.0 Hackathon

Frontend Developer, team of three

2026

- Built the Next.js interface for a local legal research assistant using a five-stage retrieval-augmented generation pipeline.

Rover

Full-Stack Developer

2025

- Created an artificial intelligence website builder that turns a six-step form into a live business site with its own chat assistant.

LEADERSHIP AND ACTIVITIES

Hult Prize at Khwopa College of Engineering

Campus Director; previously Marketing Team Lead and Media Manager

Bhaktapur, Nepal

- Direct the campus round of the global student social-entrepreneurship competition.

Rotaract, District 3292

International Service Chair and Service Project Chair

Nepal

- Led the club's service-project and international-service portfolios.

Hackathons and Competitions

Participant in 11 events

2025 – 2026

- Finalist, Nepal Electricity Authority Energy Hackathon 9.0 at LOCUS, 2026.
- Placed in the top 7 of 28 teams, UNESCO Hacking for a Carbon-Neutral Future, 2026.
- Co-organised Vibe-a-thon, a five-day artificial intelligence bootcamp and hackathon.

SKILLS

Technical: TypeScript, React, Next.js, Node.js, NestJS, Express, FastAPI, Supabase, MongoDB, Prisma, Python, Three.js, Tailwind CSS

Artificial intelligence: Retrieval-augmented generation, Ollama, ChromaDB, Gemini, pandas, scikit-learn

Design: User interface and experience design, Figma, motion design
